

## Expert Partner Solutions

Earn income by providing reliable and affordable credit or debit card payment solutions to your members. We have a payment solution for practically every type of business in your organization.

### Great Rates

No hidden or non-qualified fees. It's the NorthPay promise of integrity.

### Ongoing Revenue

Recurring residual payments for each and every processing member.

### Easy Solutions

Month-to-month contracts. Cancel anytime with no penalties.

NorthPay provides Canadian business owners and organizations with low fixed rates, no hidden fees and a month-to-month payment processing contract cancelable at anytime. We provide fast activation, affordable merchant services and 24/7 customer support. We even offer the flexibility to rent, lease or purchase our point-of-sale terminals. Easily accept Visa, MasterCard, American Express, Interac and more with NorthPay.

- For iPhone, iPad, Android or BlackBerry

## Going Above and Beyond to Provide Value for You and Your Members

NorthPay understands the importance of a strong support staff behind the scenes. We foster a culture of performance and teamwork that reinforces our reputation for being partner and merchant-focused.

By providing added value and innovation, we continually meet the goal of achieving solid, sustainable results. We know that success lies in the ability to consistently provide our partners with the best possible service and platforms.

### Merchant Support

Once your merchant is signed up, rest assured our support services guarantee a long, hassle-free relationship. The dedication and availability of our support staff has resulted in a high level of client satisfaction and extremely low attrition.

### Customer Service

Our inbound support group can manage all operational, technical and support requests. Our mandate is to provide sales partners with one simple resource for all support requests.

### Relationship Management

All our Relationship Managers are dedicated to helping you build your office towards increased productivity (unit count, volume and profit). You have a single point of contact for all your sales and business needs.

### Online Reporting

Our online portal provides real-time access to sales, merchant account and statement data.

### Recurring Income

Our fully automated commission system allows us to pay residuals on time and provide detailed reports. All reports are available online for you to review at any time.

### Communication

Regular partner emails, monthly newsletters and online updates always keep you in the loop. We also perform regular updates to our partner resource center.

### No Liability

We assume 100% of the risk on each and every merchant account.

### PCI Compliance and Data Security

In compliance with PCI Data Security Standards, we have met and surpassed all requirements set forth as a Level 1 Service Provider.

### Marketing Support

We provide a suite of high quality, editable marketing content targeted towards numerous members. We can assist with tailored marketing content/presentations for sales opportunities.

### Multi-Currency Processing and Dynamic Currency Conversion

Price products and accept foreign currencies such as the Euro, British pound, Japanese Yen and more. Your members will have access to shoppers from all over the globe. It will make a world of difference to their bottom line.

### Underwriting

Benefit from our streamlined underwriting process. Low risk accounts are "fast-tracked" for quick approval. Our seasoned staff can handle retail, MOTO and Internet accounts.

### Terminal/POS Software/Gateway Compatibility

With our various front-end networks and in-house development team, we provide your members with maximum compatibility and integration options.
